1. Oktober 2024

## Erstibrief

Dear Master Student,

Welcome to the Technical Faculty of the University of Freiburg!

To help you get started, we have prepared an introduction program in the weeks before and during the first week of lectures. This is your opportunity to get to know your fellow students, the university, and the student life in Freiburg. Although this program is designed mainly for new Bachelor's Degree students we want you to feel cordially invited and assure you that you are very welcome to join. All the events listed in the Table below and on the english version of our website are events where Master freshman are either Specifically accommodated or should be able to join without problems.

But there's also one event we organize Specifically for you, the Masterfreshmen-brunch on tuesday the 08.10. at 10:00 in the Fachschaftsraum (Studentcouncil Room). We also include all our events in the myUFR app. You will find important information for new students there in general.

### Student council?!

What is behind our "Student Council"? We are students of Computer Science, Microsystems Engineering, Embedded Systems Engineering, and Sustainable Systems Engineering, just like you now! We are here to help at any time with advice and support, organize great activities for students, and represent the interests of students in university committees.

If you're interested in what goes on behind the scenes at the faculty, enjoy organizing events (freshmen week, barbecues, game nights, ...) or want to get involved in any other way, you are kindly invited to join us.

You can also find us on Instagram (@fachschaft.tf).

## Communication

For communication during the freshmen-week, as well as for other events, we use Matrix. It's like WhatsApp, but cooler. To join our Matrix server, follow the instructions on [matrix.start.fachschaft.tf](https://matrix.start.fachschaft.tf). There should also be rooms specifically for Masterfreshmen.

## Freshmen Events

---

---

### **These dates may still change!**

The final dates will and changes will be posted on <https://fachschaft.tf/en/studium/erstsemester/> and in the myUFR app.

## TODOs

Here are the next steps for a successful start to your studies:

- Read <https://fachschaft.tf/en/studium/erstsemester/>
- Install the myUFR app from <https://www.studium.uni-freiburg.de/en/student-services/beginning-students>
- Join our Matrix under [matrix.start.fachschaft.tf](https://matrix.start.fachschaft.tf)
- Eagerly anticipating the arrival of October 7, 2024

If you have any further questions, feel free to contact us at [fs@fachschaft.tf](mailto:fs@fachschaft.tf) anytime.

We're looking forward to getting to know you during the freshmen week.

Best regards

Ioannis Nezis & Felix Zimmermann  
for the Studentcouncil of the Technical Faculty
